About Jerome H. Kamps:

This BDACT award, in memory of Jerome H. Kamps and established by his family, will be given to a graduating senior who intends to enroll in a post high school education program. Jerome was a charter member and co-founder of Beaver Dam Area Community Theatre, established in 1964, and a dedicated Beaver Dam High School art teacher for thirty-four years. He was set designer and director of set painting for more than sixty high school plays during his teaching career. From 1964 until just before his death on May 4, 2016, he also designed and directed set painting for many BDACT productions. He particularly encouraged and gave enthusiastic support to young people as he helped them discover and demonstrate their art talents at school and through community projects. Among those projects was a large barn mural, part of a state-wide project sponsored by the Wisconsin Arts Board, which he designed and implemented with the help of his students. One of his favorite BDACT projects was the creating of an extraordinary set for "Joseph and the Technicolor Dream Coat," in 1995. Given his example as a dedicated "back-stage worker" who gave his talents and love for the arts unconditionally, the Jerome H. Kamps Memorial Award will especially acknowledge those characteristics.
