## Beaver Dam Area Community Theatre

### Main Donor Board Concept

BDACT will have three main donor boards placed in highly visible locations at the two main building entrances and the entrance to the main auditorium. It is our intention to draw attention to these boards and our valued donors by incorporating a video screen in the display. This display will show clips and photos of past performances interspersed with main donor bios and thank you's. The names on the Boards will be permanently placed on clear acrylic backlit with LED lights, creating a theatrical feel.

**We hope that you are as excited as us about the concept and can find it within your means to join the other donors who have contributed over \$1,000 on**

**BDACT's Main Donor Boards!**
